

Holiday Gift Cards

What better way to say thank you for a great year than with a gift from a social enterprise organization?

These cards give your valued recipients the opportunity to choose from a variety of socially responsible gifts produced by Helping Hand Rewards' social enterprise partners. Each item includes a description including an explanation of who will benefit from the selection of that gift. A reply card is included for the recipient to make his or her gift selection and return for fulfillment.

The cards are customized for your organization and are available in four different designs (pictured below). There are two gift levels available with 6 great choices in each. **Orders over 50 can be personalized with your logo and printed with your custom message.**
